Fund Raisers Mari Watt  
Assistant Sec Peggy Hill

## IT'S NOT ALL WORK!

A Big Thank you goes out to Petco of Davenport, and Moline for teaming with our adoption program, also to Pet Smart of Moline. Several of our pets were adopted because of this partnership. Thank You; Petco. Thank You Pet Smart.

## From our President... Sharing her visions

The visions I have is a vision that someday we will be able to house the animals of Animal

Aid in large comfortable rooms with room to play. To have a separate building for feral cats so they too can have a safe house and a good place to keep warm. Dogs to have their own safe haven until they find a friend to share a life with. I vision the time that animals will no longer be killed, simply because no one adopted them, and they are said to be unwanted and un-adoptable. We have had long timers that we found that forever home after being at our shelter for many years. These are my visions I

vision some great people ready to volunteer to make these visions possible.. Together we can make a difference. to make visions of a brighter tomorrow
